

THE PRESIDENTS SHIELD

Tonight ladies and gentlemen I have the great honour of presenting a new trophy to the club. The Presidents Shield as it will be called has been donated by family and myself. This shield will be hopefully awarded by future presidents in the years to follow.

The background is open to every club member active or not and also includes his or her family as well. It can be an individual/team or family that can receive this trophy.

The criteria for judging the recipient or recipients of the shield take in all aspects of life and club life. As a club we are just one great big family. To highlight what I mean here are a few categories that I consider to be a part of this trophy.

Overcoming problems whither they are personal, physical, mental or family.
Commitment/dedication to the club whither it is assigned through a committee or voluntary.

The president will have the final say but anyone can nominate any member or member's family to receive the award.

Nairn Duguid
President

25th January 2004
